LETTER TO CONFIRM INTERVIEW WITH PATIENTS

Date

[Address]

Dear

Re: Chlamydia Screening Study

(Give travel instructions if relevant)

With regard to our telephone conversation today, this is to confirm that I will be coming to talk with you on xxxxx at xxxxx, if this is still okay. If this is now inconvenient then please contact me on 0117 9287210 (and work's mobile number?).

Thank-you for agreeing to do this. As I explained on the telephone I am interested in hearing how you felt about being asked to have a test for Chlamydia and what you thought about the testing procedure. The views that you express, along with those of others, will be reported in an anonymous way.

My experience of talking with others suggests that this informal interview usually takes around 30 minutes.

I look forward to meeting you on xxxx.

Yours sincerely,

Nicola Mills
Research Associate
